The first results of AMS work on the Cuba project have been received, and appear extremely skimpy; they have been forwarded to FM Staff for a determination of what they want done. We will probably work on Paraguay next. [REDACTED] stated that approval would have to be obtained from the DD/I before going ahead on Paraguay.)

3. Significant Conversations and Contacts

a. GRA Courier

25X1A9a A preliminary investigation has been made by the IG's office
25X1A9a of our need and use of [REDACTED]. They are apparently looking into the
25X1A9a possibility of integrating [REDACTED] into the regular courier system.
[REDACTED] asked that he be informed if the IG's office contacts
anyone in the divisions on this matter.

25X1A9a

[REDACTED] reported that he had received a copy of a letter from
[REDACTED] giving a summary of discus-
cussions between [REDACTED]

25X1A9a

This exchange will involve 4 to 6 people for a period of 3 to 4 weeks.

25X1A9a

[REDACTED] has asked for our views on this from the intelligence point
of view. [REDACTED] reviewed some of the highlights of the proposal,

and received several suggestions which will be incorporated into a reply
to [REDACTED]

5. Series on ORR Collection Guides and ORR Gaps in Information

25X1A9a

Chief/G has received copies of two memoranda stating the purpose,
form, and responsibilities for the production of the ORR Collection Guide
Series and the ORR Gaps in Information Series. [REDACTED] asked that
each Division Chief study these memoranda and let him know if there are
any further questions or comments.

6. FY 1960 Budget Funds

25X1A9a

There is still some money available in the FY 1960 budget for any
justifiable expenditure (e.g., external research, travel, equipment); we
should put in any requests for these at an early date. [REDACTED] suggests
that [REDACTED] trip might be moved up from mid-July to the end of June; he
will investigate this possibility with DD/P personnel prior to making any
change.

7. Possible External Research Contracts

25X1A9a

[REDACTED] reported on the progress of two possible external research
contracts. A report is expected from AMS sometime this week giving an
estimate of time and cost of one of the projects; a proposal has just been
sent to [REDACTED]
